Dear Mr. Gunderson:

A minor modification to the Building 707 Project DOP was recently submitted for your approval that would allow re-characterization of certain Type 2 facilities to Type 1. Based on approval of the minor modification and the results documented in the PDSR for cooling tower 709, the Department of Energy is also requesting your approval to re-characterize the cooling tower 709 as a Type 1 facility.

If you have any questions, they can be directed to Gregg Nishimoto at (303) 966-7022.

for Joseph A. Legare
Assistant Manager
for Environment and Stewardship
